Policy

- This policy applies to any irregularity, or suspected irregularity, involving employees as well as consultants, vendors, contractors, and/or any other parties with a business relationship with this organisation.
- Fraud & malpractice comprises both the use of deception to obtain an unjust or illegal financial advantage and intentional misrepresentations affecting any aspect of our company activity by one or more individuals among management, staff or third parties.
- All Managers and staff have a duty to familiarise themselves with the types of improprieties that might be expected to occur within their areas of responsibility and to be alert for any indications or irregularity.
